BILL ROOKER VISITS ROME

Impressed With Majestic Buildings — Dagoes Are Making a Small Fortune Out Of Allied Troops — Hands Out Some Sage Advice To The Boys At Home.

B-29931, Sgt. Rooker, W. J., 5th Cdn. Pk. Amb., C.A.O. in Italy.

July 17th, 1944.

Dear Mother, Dad and All:—
The weather out here is still very hot, likely as not it will continue until around September, they seem to have an awfully long summer season in Italy.

Well I've been to Rome for 48 hours. They had a big sports meet there, so I had a chance to look around the city. I will say Mother it was the most beautiful city that I've ever seen, we have nothing like it in Canada or the States, and I never saw any buildings in London which were nearly as good as the ones in Rome. I was over to see St. Peter's Cathedral and the Vatican — my what a marvellous Cathedral it is too, every where we went there were wonderful buildings. Huge Gold Statues, etc. etc. The people are very well dressed and I met many persons who could speak English without the slightest foreign accent. Also went through the ruins of the Coliseum. It really was a good two days. Sorts good to see a beautiful, clean

Clarification Of Ceiling Prices

During the past week The Independent has had many calls from fruit growers regarding the ceiling prices of peaches when sold to the shipper or wholesaler, retailer or consumer.

Through the courtesy of K. C. Baxter of Niagara Packers, the ceiling prices on No. 1, six quart size covers are as follows:

To the shipper or wholesaler, 65 cents a basket.

To the retailer, 74 cents a basket.

To the consumer, 99 cents a basket.

If the fruit is delivered to pay one of the three over the 15 mile limit then transportation costs of six cents a basket can be added.

Cancel August Blood Clinic

Labor Situation Coupled With Busy Peach Season The Reason — Next Clinic Sept. 20th.

Wm. Hewson, Chairman of the Grimsby Blood Donor committee, who has his finger on the pulse of everything in the Fruit B., announced that there will not be a blood clinic held in Grimsby in the month of August.

July clinic was not held, as is customary, but it was intended to hold a clinic in August, but with the peach crop being on in full the latter end of the month and the labor situation being as it is, the committee decided that it would be wise to cancel the August clinic.

The next clinic will be held in Trinity hall on Wednesday, September 20th. Be prepared to donate some blood.

Prize Winners

Grimsby Firemen's carnival on Thursday and Friday nights last was one of the biggest and best that the local firemen have ever staged. On Thursday night a special programme of vaudeville acts entertained the large crowd and on Friday night Russ Creighton and his Canadian Mountaineers provided plenty of music and pep for the eddled show and for the big street dance which ran until two o'clock.

All the games received a big play and the fire ladies are well away financially. Winners in the prize drawing were Erwin Phelps, the Dinette Set; Mrs. Cecil Gowland, one ton of coal; Mrs. Angus Clark, the Mossfield Blanket.

Advertisers Must Live Within Law

Sellers Of Used Cars Must Give Full Description And Price When Advertising Vehicles.

To prevent "black marketing" and illegal sales of used cars, the Wartime Prices and Trade Board have ordered compulsory price tagging of all cars held by dealers and a detailed report of each sale. The new Order is effective August 1.

The Board appealed to the public to co-operate in the drive against "black marketing" by reporting any attempt at price violation. Private sales must be reported in the same manner as sales by dealers. (Continued on page 7)

Judgment Cites Award Reasons

Justice Mackay Rules On Seven Points Outlined By Defence In Lambert Insurance Case.

Reasons for judgment in the suit of Percy Lambert against the Western Mutual Fire Insurance Company have been given by Mr. Justice J. Keiller Mackay, who awarded the plaintiff \$1,150 of his \$1,500 claim under a policy on North Grimsby farm buildings destroyed in March, 1943. This case, tried at the June sittings of the Supreme Court here, has been watched with interest by insurance men because of certain points which arose in it, such as the question of occupancy of insured building. Arm Amputated In Rail Accident

"Tony" Di Salvo Struck By Locomotive In Merrittton Yards — C. N. R. Section Employee For Years.

George Di Salvo, well known Grimsby resident, now residing at 30 Canal Street, Merrittton, was seriously injured and narrowly escaped death when he was struck by a C.N.R. freight train shunting cars onto a siding in the Merrittton yards at 2:20 Sunday morning. Di Salvo is employed as a section man by the C.N.R. and was not seen by the train crew until after the accident. When the accident was discovered the train was immediately stopped and the injured man was pulled from under the locomotive by the conductor and engine crew.

He was rushed to the St. Catharines General Hospital, where he was treated for serious injuries to the head and body and his left arm was amputated above the elbow. He is reported to be resting well, but his condition is still regarded as critical. An investigation is being conducted.

Grimsby's Oldest Continuous Carnival Will Be Held Next Week On St. Joseph's Rectory Grounds.

Friday and Saturday evenings of next week, August 18th, and 19th, will witness the end of the Carnival Season in Grimsby when St. Joseph's Parish stage their annual Garden Party on the grounds adjacent to the Rectory. All the old features and several new will be found and a good time is assured to one and all who participate in this local event.

In point of years of continuous activity this Garden Party is by far the oldest in town and has become somewhat in the nature of a fixture in town events. This year under the capable chairmanship of Mr. Walter Phillips, new permanent booths have been erected and a special octagonal booth for the devotees of Bingo has been constructed.

In addition to the regular draw there will be a special draw for a (Continued on page 7)

A veteran of the Italian and Italian campaigns returned to his home in Hamilton last week, in the person of Mr. Albert E. Cook, who went overseas with the R.H.L.I. who will be served under Capt. Poison Ivy Patches Being Taken Care Of — Persons Knowing Of A Patch Of This Weed Please Notify Municipal Office At Once.

Things have become so quiet around the municipal offices and at town council meetings that the press boys are at their wits end to fill their space. Municipal affairs are running so smoothly that the local legislators haven't a worry in the world and wear the smile of blissful contentment.

Last night's session of the council only lasted about 40 minutes, but in that brief space council cleaned up a lot of routine matters, despite fact that Councillors Bull, Baker and Phelps were conspicuous by their absence.

Councillor Ingelhart reported that all known patches of poison ivy have been thoroughly sprayed with a chemical mixture that kills (Continued on page 8)

Sentenced For Clothing Theft

Provincial Constables Bowe and Priest brought back from Toronto on Friday afternoon Wm. C. Gallagher, of St. Catharines, picked up by the Queen City police on information supplied by the local constabulary.

The charge against Gallagher was that of stealing a quantity of clothing from Pat Kost of Grimsby Beach.

He appeared before Magistrate J. H. Campbell in St. Catharines police court on Saturday morning and was sentenced to one month in jail when he pleaded guilty.

FACTS & FANCIES

Frank Fairbairn, Jr.

FM IN A QUANDARY

Now that Bill King has been successful in ramming his Diaper Dole legislation through the house, and in a few months baby bonus cheques for large families will be cluttering up the mails, I am torn between two thoughts.

One is, will I stick to the honorable newspaper profession of which I have been a member for 40 years, and by so doing continue to live on a crust and a jug of water, but also will continue to help my fellow man.

The other thought is, will I move down to Quebec where I can settle down and live the life of Riley, on money earned by the sweat of my fellow man's brow.

I am very well acquainted with a little widow who lives a few miles below Montreal. She and I were very close friends a score of years ago before she decided to marry a Pea-Souper. She is only 38 now. Her spouse has been dead a year. She has 11 children ranging in age from 14 months to 13 years, two sets of twins. She owns a nice home with about an acre of garden in a small town.

Now if I go down and hook up with her I can raise my own vegetables and chickens at my leisure and every month drag down one of King's bonus cheques for around \$140. Under conditions like this I would be a fool to work. Let the guy who is providing the \$140 do the work.

I am going to give this set-up a lot of thought. Why should I go on grinding out the rest of my life in a newspaper office, when I can be a little king unto my own at the other fellow's expense.

So folks, if I turn up missing some day you will know where I have gone.

RULE BY FORCE?

In an address at London, J. M. Macdonnell quoted a leader of the C.C.F., G.D.H. Cole, who said:

"We cannot rule out the possibility that if constitutional forms are observed the Socialists, having gained power, will lose it again at the next election... It is my personal view that even if Socialists gained power by constitutional means they will have to hold it, if not unconstitutionally, at any rate, by so altering the constitution as to maintain themselves in power authoritatively for a long enough period to pass the measures outlined in the syllabus and allow time for them to get into working order."

That means, if those electors who have the idea of giving the C.C.F. a chance to see what that organization could do for the country decided, at the next election, they had had enough, and would vote to turn them out, lock, stock and barrel—such things have happened in Canada in no political experiments—then the C.C.F. would change the law in some way to over-ride the constitution and tell the people. You can't do that to us.

This is a pretty vicious and dangerous doctrine. There is no doubt that it will be repudiated just as the plank in the platform to take over farms, prevent farmers from leaving their property to the family line, was repudiated in the election in Saskatchewan. Harold Winch, C.C.F. leader in British Columbia, has not been toned down much. He has promised force, in his own province, for those groups, or interests, which fail to get in line with C.C.F. proposals.

Fundamentally seizure of power is the C.C.F. objective. It is the same thing which happened in Europe.

SHEDDING SWEAT

The word "Sweat" was once thought not to be very refined. It was considered more cultured to say "perspire". That old sentiment seemed to disappear when people adopted the warm garment which they called the "Sweater", and which is very comfortable, not merely on cold and wintry days, but also on cool evenings in summer.

The story of the expulsion of Adam and Eve from the Garden of Eden says that God told Adam that "In the sweat of his face he should eat bread". Perhaps it was better for Adam's development that he should sweat in hard toil, which cultivates the habit of industry and avoids the indolence that often comes when life is too easy.

The modern world appreciates sweat, and countless people are shedding a lot of it, as they toil on farms and in gardens this summer. They are to be honored for their effort, which is producing victory for their country. They usually grow stronger as they sweat, and their physical powers are developed.

PIPE DOWN

To that fellow who has successfully developed a rustproof furnace pipe, here's a sweep of our hat. For he's really done something—if you know what we mean. And what man doesn't?

Oh, it wasn't so bad when plumbers were at beck and call to have that furnace pipe taken down in the spring and put back in the fall. In fact, our plumber—we'd like a word with him—assured us before he left that there's "nothing to it."

After two years of struggling with yards of furnace pipe, there's many a man who has yet to decide whether the greater strain on being a gentleman on all occasions comes with taking the pipe down or putting it up. It is little wonder that decisions have been made on the spur of the moment to let the pipe rust until it dropped off by itself.

Of course, every man finally gets the pipe back somehow or other. Don't ask him how. Even the assorted tools—screwdriver, pliers, small sledge hammer, file, shoehorn, and kitchen knife—do not add up to a complete explanation.

Yes, Mr. Hardwareman, you can put us down for six lengths of that new non-rusting furnace pipe. We are going to wait for the plumber to come back and put it up.

Letters To The Editor

WE CROWD GOD OUT OF OUR LIVES

I have been in every place of any size in most of Ontario, Manitoulin Islands, New Ontario and all of the West, to Calgary, and none of that, can compare with this little spot nestled down in the south shore of Lake Ontario, for beauty and productivity.

The beautiful homes and wonderful fruits and flowers are something to feast the eyes on. It makes one ask the question—Do all these people in their homes, thank God, daily, for all the goodness that they have received at His hands? "Oh that man would therefore praise the Lord for His goodness and declare the wonders that He doeth for the children of men."

That is the trouble, in this twentieth century, we are all so busy making money, paying war taxes, and enjoying ourselves, we crowd God out of our lives.

So much has been said and written on "The Higher Standard of Living." We have the highest standard of any country in the world, from a material standpoint. We have all known inventions for enjoyment and convenience of men, vast stores of all kinds, necessary for men's sustenance, but we are lacking in that high spiritual standard, expected of us by God, and some day each of us are going to have to give an account of our stewardship here on earth and that time is steadily drawing nearer, whether we realize it or not.

Debauchery and crime are alarmingly on the increase. Girls of tender age, are allowed to roam the streets at all hours, and in all places. Parents have no control over their children and do as they like, no thought of prayer to God, at night, is ever required of them, or thanks at meals for the good things provided for them. If we forget God, and shut Him out of our hearts, must we not expect He is going to forget us? "Now often would I have gathered you together, as a hen gathereth her brood under her wing and ye would not."

We think the war is about over, or will be very soon. Do we realize how much we have to be thankful for, that we have been spared all the horrors that those poor people have had to undergo, in all the crowded countries of Europe? I am afraid few of us do, and if we had had some of that same thing here, many more people in Canada, would begin to think much more seriously than they are doing today. We are living, as it were, in the days of Sodom and Gomorrah.

Strathroy,
Aug. 1st, 1944.

W. T. Soffley.

Don't expect people to carry the burdens of home town activities and do the work of organizations, unless you are willing to back up these movements with your support, interest, and applause.

'WAY BACK WHEN

Frank Fairbairn, Jr.

SECOND week of great excitement in this district—30 years ago—began with Sunday, August 9, 1914. People were still in an excitable mood but of a more subdued nature than the week previous. Everywhere you went you found little knots of people talking and wondering where the end of the outbreak in Europe would be.

Monday and Tuesday nothing of importance happened, but on Wednesday Col. Fraser and Major Brooks came to town accompanied by a medical examiner and examinations for overseas men of "Fighting B" Squadron, 2nd Dragoons commenced. 35 men were examined during the next couple of days, but the examination was a very strict one and only 27 succeeded in passing.

On Saturday the 18th, the village resounded to martial music and the tramp of marching men. "Fighting B" Boys had been ordered to entrain for mobilization camp in St. Catharines, from where a week later they left for Valcartier Camp, in Quebec. As the troop headed by the 44th Regt. band, marched to the G. T. R. station they were cheered to the echo by a solid wall of people that lined both sides of Main and Depot streets.

The men who left the village that day, some never to return again, others to come back broken in health and spirit, were:

Lieut. J. A. M. Livingston	Tpr. Robert Scott
Lieut. Ernest Long	Tpr. Daniel E. Harmon
Squadron-Sergeant Major	Tpr. Fred Pressey
G. A. Russell Ross	Tpr. Wm. A. Westworth
Sergeant Hugh K. Whyte	Tpr. Chas. DeLaloy
Tpr. Kenneth H. Morris	Tpr. Gordon E. R. Cottrell
Sergeant Chas. Mackie	Tpr. Vincent Fitzgerald
Tpr. A. Lickers	Tpr. Arthur E. Bacon
Tpr. Wm. Sutton	Tpr. Chas. Churchill
Tpr. A. H. G. Barrett	

Tpr. Joe. Filce	Tpr. Alfred Slinn
Tpr. Robert Robson	Tpr. Albert H. Ambrose
Tpr. Thos. Thomas	Tpr. Walton Foster
Tpr. Sidney Bradley	Tpr. Alex. Reid
Tpr. J. L. M. Ogden	

At the same time that the above men were being mobilized in St. Catharines, 44th Regt. overseas men were being concentrated at Welland. The first Grimsby men to leave for the front were:

Lieut. R. T. Johnson	Pte. Charlie Carter
Sergeant David Boddington	Pte. A. Whipple
Pte. Allen Coryn	Pte. J. Arber
Pte. J. Fishery	Pte. Geo. Gregory

Pte. Geo. Gregory, in the above list was the first Grimsby man killed in action, at Langemarck, in April 1915, the first engagement that the Canadians took part in.

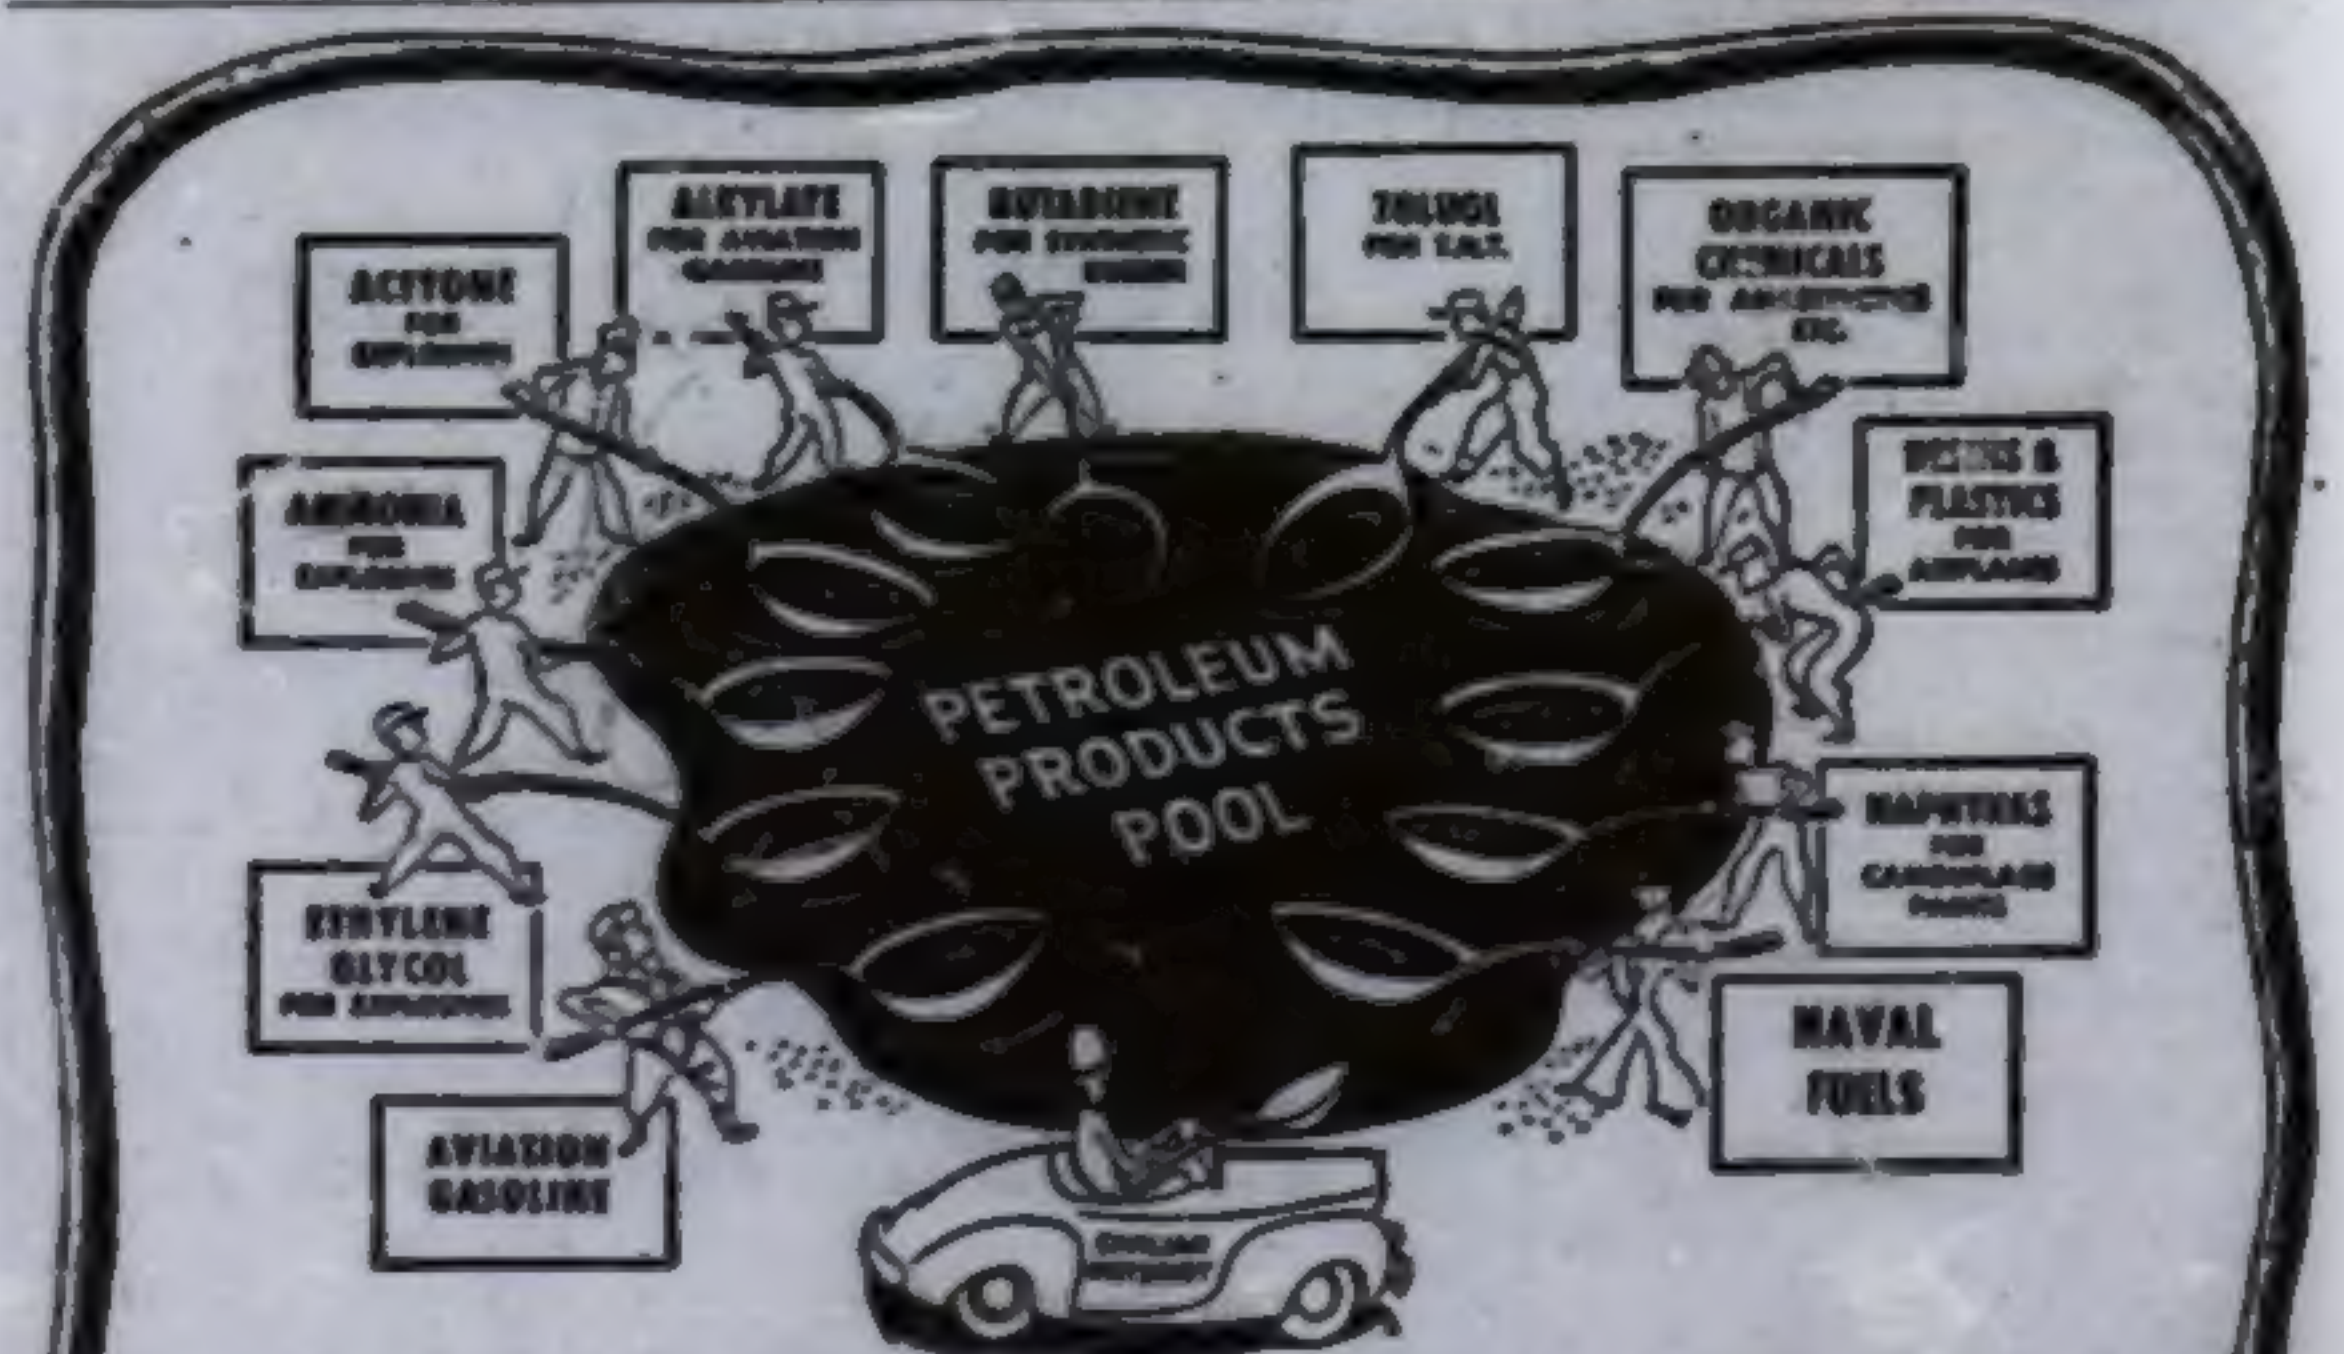

Also leaving for active service at the same time as the other men was Pte. Wm. Eddy, a veteran of four campaigns already, he signed up with the Army Medical Corps, at Hamilton.

It was on this 18th day of August, that the writer threw his civilian clothes in the cedar chest and for the next four years and three months was just about as friendly with "Civies" as an Eskimo is with a bathing suit.

During this same week the ladies of Grimsby were getting organized for patriotic work. A campaign for funds for a hospital ship was under way and bodies of various kinds were being formed for the purpose of raising funds and securing of food-stuffs and comforts for the many thousands of "Canucks" then leaving for the far off battlefields.

It Doesn't Leave a Lot for the Civilian

WHEN war demands have been filled... when invasion gasoline, aviation gasoline, Navy fuel oil, petroleum for the manufacture of explosives, synthetic rubber, and gasoline for war industry, farming and essential trucking all have been taken from Canada's oil supply—is there a lot left for the civilian?

Figure it out for yourself. It takes 5,250,000 gallons of gasoline to fuel 5,000 bombers and fighters for a mission over Germany. It takes enough oil for one fueling of a battleship to heat an average house for 350 years. It takes 18,000 gallons of gasoline to keep one armoured division on the move for one hour.

From petroleum and petroleum gases we obtain the gasoline and fuels needed to power planes and ships and tanks as well as the raw material for acetone, ammonia and toluol for explosives, organic chemicals for anesthetics, naphthalene for camouflaging paints and plastics and resins for war weapons production.

This is why civilian gasoline is short. This is why it's up to every motorist, to every owner of an oil-burned home,

to exercise the strictest economy in gasoline or fuel oil usage. Every gallon we can do without here at home is one gallon more for the fighting men. And they need every gallon they can get.

Two full years of gasoline rationing and fuel oil control in Canada have saved 393,000,000 gallons of gasoline and 175 million gallons of fuel oil—a total saving of 568,000,000 gallons of petroleum products. Yet, despite this saving, gasoline stocks on hand in Canada, as of March 31st, this year, were 55,000,000 gallons less than at the commencement of rationing, April 1, 1942.

Oil has a mighty war job to do—yet supplies are short and are constantly dwindling. Oil powers the attack on every front. Oil can mean the difference between success or failure, between light casualty lists and heavy. Oil is vital ammunition—not to be wasted, not to be needlessly, frivolously spent.

Answering Your Questions about the Gasoline Shortage

What are Canada's total yearly requirements for motor gasoline?... Approximately 900,000,000 gallons. Do these requirements have to cover both military and civilian needs?... No. Why cannot this supply be increased?... Because total hemispheric supplies are inadequate to meet both the colossal war demand and civilian needs. There is not enough oil, there are not enough tankers, for both. How much of Canada's petroleum needs is supplied from Canadian wells?... Only 15% Why can't this home production be increased?... Every effort is being made to do so. More new wells are being drilled or prepared for drilling, that, at any time in the history of Western Canada, but we have yet to find a new Turner Valley. War does not wait for new production.

Mainly For MILADY

To the countless mothers who lie awake nights worrying about their sons on the fighting fronts, the mother of Eddie Rickenbacker, famed aviator, says frankly: "Our son has enough to think about without having to worry about his mother worrying about him." She advises all mothers to keep their hands and minds constantly and usefully occupied, and suggests that the time be spent praying for their boys rather than uselessly worrying over them.

Dizzy Styles

The latest style among the male "high-schoolers" appears to be the longer the shirt-tail drapery, the better. It's quite a shock to gaze on these classical models of Sloppy Joe, with shirt-tail fluttering like a flag behind, trousers rolled to the near knee, socks mopping the sidewalk and the whole get-up topped by the shorn crew hair-cut. What girl could compete with that fashion?

Proficient Wooers

According to an English newspaperman, the study of the screen's great lovers has made Americans more proficient in the art of wooing than English, at least according to the majority of feminine opinion in London. The journalist came to this conclusion when investigating the preference London girls were showing for members of the A.E.F. as evening companions. It was not that the G.I. boys had more pocket money than their English rivals. It was because of the feeling of English girls that American men understand women better and know more about love. Their standard is set by the Hollywood stars and the U.S. soldiers, in their opinion, measure more up to film standards. The English journalist summed it up in this sentence: "The voice of the British romantic screen star is as cool and clean as spring lettuce and his love-making, though awfully decent, is, it must be admitted, too chilly."

Give the troops a break—please do not travel during week-ends. This applies especially to shoppers, children and non-essential travellers. Be home by 8 p.m. on Sunday nights because after that time the troops have priority and no extra buses will be available for civilian passengers. Please co-operate to avoid congestion.

Perhaps we could get home if they DIDN'T TRAVEL ON WEEKENDS

When the hole is large avoid stretching or puckering. Tack a piece of net or veiling over the hole and use it as a foundation for darning. This also strengthens the darn.

1. Begin darning $\frac{1}{4}$ " beyond the hole and make the first row equal to the length of the hole.
2. Increase the length of the rows at each end until the actual hole is reached; then keep straight across the hole and decrease at the ends.
3. When darning over the hole, take the new thread through all the loops to prevent ladders.
4. For cross darning begin $\frac{1}{4}$ " above the hole and darn lattice fashion over and under darning threads.

Use this method for woolen stockings, sweaters and knitted articles. Thin places may be darned to strengthen. Darn should show only on the wrong side except for tiny stitches.

THE MIXING BOWL

By ANNE ALLAN

Hydra Home Economist

Hello Homemakers! Pickling is one of the many ways to save surplus fruit and vegetables. Cucumbers are one of the common vegetables that may be preserved in many ways to give variety to our inexpensive winter menus. Pickling is a matter of brining and curing without destroying the colour or flavour, or food value.

The equipment needed is comparatively simple, but you must be able to store in a cool, dry place if you are storing in odd jars sealed with wartime wax or corks.

We suggest recipes requiring little or no sugar although we have had several requests for those using sugar. But, naturally, if you have sufficient sugar, "go to it" and make the kind that pleases your family.

SACCHARINE PICKLE

1 teaspoon powdered saccharine, $\frac{1}{4}$ cup salt, 2 tablespoons white mustard seed, $\frac{1}{2}$ cup dry mustard, 2 tablespoons turmeric, 1 teaspoon curry powder, $\frac{1}{4}$ teaspoon cayenne pepper, 1 cup cold vinegar, 1 cup corn syrup, 9 cups cold vinegar, 1 large cauliflower, 8 large cucumbers, 10 small green tomatoes, 6 small onions.

Combine saccharine, salt, mustard seed, dry mustard, turmeric, curry powder and cayenne very thoroughly; mix to a smooth paste with the 1 cup vinegar, adding it gradually at first and combining thoroughly after each addition. Add corn syrup and the 9 cups vinegar. Place this dressing in a thoroughly-cleaned large crock.

Break cauliflower in small flowerets and soak in salted water about half an hour. Drain, cover with boiling water and boil 10 minutes. Drain and let cool.

Wash cucumbers and tomatoes and peel the onions; cut all into small cubes.

Add prepared vegetables to dressing in the crock and combine well. Cover crock with a clean tea towel (or other cloth), and cover with the thoroughly-clean lid. Place crock in a cool place (the cellar floor is good) and stir the pickle twice a day for two weeks.

CHILI SAUCE

12 large ripe tomatoes, 2 large onions, 4 green peppers, 1 tsp. salt, 1 tsp. br. sugar, 1 tsp. cloves, 1 tsp. cinnamon, 1 tsp. allspice, 1 tsp. grated nutmeg, 1 pint vinegar.

Peel the tomatoes and onions. Cut tomatoes in small pieces and chop the onions and peppers fine. Add the remaining ingredients, heat gradually to boiling point and cook slowly two and one-half to three hours; stir frequently. If the vinegar is strong dilute it with water.

DILL PICKLES

Select cucumbers of "dill" size. Wash and arrange in jars with layers of dill and mixed spices in the bottom, centre and top of the jar. Cover with hot brine made of $\frac{1}{2}$ cup salt to 7 cups boiling water. Seal and let stand two months before using.

PICKLED ONIONS

1 qt. small pickling onions, 1 qt.

white wine vinegar, 2 teaspoons pepper corns, 1 teaspoon salt.

Bring vinegar and seasonings to boiling point and remove scum. Peel the onions, put into the boiling liquid and simmer about three minutes or until the onions are transparent. Pour into sterilized jars and seal.

SALTING METHOD FOR GREEN BEANS, PEPPERS AND CAULIFLOWER

Vegetables such as green beans, peppers, and cauliflower that do not contain enough juice to form their own brine can be preserved by being covered with brine.

Wash, dry, and weigh the vegetables. Cut green beans into inch lengths; separate cauliflower into flowerets; leave cucumbers and peppers whole. Pack the prepared vegetables loosely into stone jar, leaving space for brine to cover them. Estimate the amount of brine you'll need to fill.

To make the brine, use $\frac{3}{4}$ cups of salt to 6 quarts of water ("common" or "coarse" salt or dairy salt is better here than fine table salt). Pour brine over vegetables, and cover jar with plate or pie plate right side up. Weight down as you do for kraut. Next day add 1 pound salt for every 10 pounds of vegetables used. (This is to bring the brine up to its original strength). At the end of the week, add $\frac{1}{2}$ pound salt, and repeat the process every week until five weeks have been marked off on the calendar. Now your vegetables should be cured.

One thing to remember when adding salt is to place it on top of the plate so that it will dissolve slowly without sinking to the bottom. Salt should not touch the vegetables. Skim off the scum as it forms.

Clip the following method to desert since you will not be using these vegetables for several months:

To preserve vegetables cured in brine, place them in a big kettle, cover with cold water, and heat slowly to lukewarm, stirring frequently. Pour off water, and repeat process several times until vegetables are only slightly salty. Or, soak several hours in several waters, until they taste just right; then cook. The beans and cauliflower are seasoned and served as usual; green peppers are often stuffed and baked.

TAKE A TIP

1. Too much salt or sugar or too strong vinegar may make pickles shrivelled and tough.

2. A brine too weak will lead to soft pickles. The recommended solution to crisp cucumbers is one pound of salt to five quarts of water.

3. Keep pickled cucumbers green. Put a thick layer of fresh green grape or cherry leaves between layers of cucumbers and on top of them before pouring on the brine.

THE QUESTION BOX

Mrs. R. B. asks: Why does chili sauce, cooked in an enamel pan, turn a brownish colour?

Answer: Allspice and cloves tend to darken sauces more than other spices. We suggest exact measurements of the seasonings.

Mrs. K. F. asks: Will a zinc tub be all right to soak cucumbers in brine?

Answer: No. We suggest that you put them in two or three crocks or enamel basins in preference to zinc or tin containers.

Mrs. T. B. asks: Recipe for Bread and Butter Pickles.

Answer: 6 qts. cucumbers, sliced; 1 dozen onions, sliced; 4 green peppers, sliced; salt ($\frac{1}{2}$ cup), 2 whole cloves, 1 qt. vinegar, 8 cups sugar, 3 tablespoons turmeric, $\frac{1}{4}$ cup mustard seed.

Wash cucumbers and slice with-out peeling. Arrange vegetables in alternate layers in a large bowl, sprinkle with salt. Let stand for three hours, then drain. Cover with cold water, then drain. Combine remaining ingredients and heat until sugar is dissolved. Add the vegetables and bring just to the boiling point, but do not boil. Seal in sterilized jars.

Mrs. S. T. asks: Ingredients for syrup to use on fruit to pickle.

Answer: 8 pounds fruit, cinnamon, 2 tablespoons whole cloves, 4 cups vinegar, 2 tablespoons whole allspice, 4 pounds sugar, 2 cups water.

CHILDREN'S AND INFANTS' CLOTHING

Babies come first again. First call on fleece fabric available in Canada will be given to the production of underwear, children's and infants' clothing and linings for gloves and footwear. The announcement was made last week by the Wartime Prices and Trade Board.

The new regulations will prevent the use of this fabric in non-essential articles. The supply of fleece fabric has not been adequate to supply all demands.

Sisters Servants Present Concert

As a culmination to a two weeks' catechetical course conducted in St. Mary's Ukrainian Catholic Church, from July 24th to August 6th, inclusive, the Sisters Servants of Mary Immaculate presented a children's concert in the Parish Hall on Sunday, August 6th.

The Sisters in charge were Sister Nathaniel, S.S.M.I., and Sister Chrysantha, S.S.M.I., of Toronto. From thirty to forty children took part in a presentation which was a delight to all spectators who had the good fortune to behold it.

Under the skilled and able fingers of the Sisters, crepe tissue paper, gold braid, daisies and star dust were wrought to produce a marvelous effect. When the curtain was rolled back, the stage revealed a host of beautiful children. The little girls in their artfully made green waist coats and pink skirts looked like so many flowers from a rose garden, while the boys neat and trim, uniformed in military coats, broad belts, wedgies, mousty pant stripes and epaulettes, were armed with tiny silver swords.

The girls' Rose Drill and the boys' Military Drill were masterpieces of precision and timing, synchronizing perfectly with the musical accompaniment. The playlets, comedy dialogues, group choruses, and even the visiting Elephant From India with a Hindoo driver, were so well performed that all wondered at the great zeal and energy of the Sisters, who were able to produce such a wonderful concert in the spare hours of their short two week catechetical course here.

Due thanks was rendered to Sister Nathaniel and to Sister Chrysantha by Father M. Kohn, O.E.S.M., pastor of St. Mary's; and Superior of the Basilian monastery, while the parents and visitors showed the Sisters their appreciation by the great applause, their congratulations, and petitions for their return next summer, when the Sisters said farewell to Grimsby that evening.

Card of Thanks

Mr. and Mrs. Wm. Hunter, Grimsby Beach, wish to extend their sincere appreciation to their many friends, relatives, and neighbors, for their kind expressions of sympathy in the loss of their dear son, Capt. R. G. Hunter, who was killed in action overseas.

JEFFERIES—SINGLE

In St. Andrew's church, decorated with gladioli and ferns, at a double-ring ceremony, Miss Mary Alfreda Bingle, daughter of Mr. and Mrs. Alfred Bingle, North Grimsby was united in marriage to Mr. Stuart Jeffries, of Vinemount, on Saturday afternoon by Rev. E. A. Brooks.

The bride entered the church on the arm of her father and was gown in satin and lace, her long veil held in place by a scalloped headpiece adorned with orange blossoms. She carried a trailing bouquet of white and pink carnations. Miss Eva Etherington as maid of honor wore a gown of white jersey silk and Miss Bingle as bridesmaid was gown in white sheer. Both attendants wore flower hats and carried harmonizing bouquets of white, yellow and mauve carnations.

The best man was Mr. Dennis Bingle, of Vinemount and the ushers were Sgt. G. Bingle, Mr. Orlando Krick and Mr. Douglas Jeffries.

Mrs. George Gibson of Vinemount presided at the organ and accompanied Mrs. Sawyer who sang O Promise Me and O Perfect Love.

Over 100 guests attended the reception at the Village Inn. The bride's mother receiving in rose-crepe blue crepe, with navy accessories and a corsage bouquet of deep pink carnations. The groom's mother assisted, wearing black figured silk with matching accessories and a corsage bouquet of cream carnations.

The young couple left for a holiday in Muskoka, the bride traveling in tulle shoe, with matching hat and accessories.

JONES—CARPENTER
At a quiet garden wedding, on Saturday, August 5, Jean Palmer, elder daughter of Mr. and Mrs. Gordon Carpenter, Winona, became the bride of Mr. Donald Jones, son of Mr. and Mrs. George Jones, Winona. Rev. Fred Manning conducted the ceremony.

The bride was dressed in a suit of white neoprene crepe and wore a cap of heirloom lace over a garland of fresh white flowers. She wore a corsage bouquet and wristlet of red roses and white sweet peas. The bridesmaid, Miss Nora Carpenter, sister of the bride, wore a two-piece frock of aquamarine silk jersey, with a corsage bouquet of yellow roses. The groomsmen were Mr. Eric Carpenter, brother of the bride.

Before the ceremony, I Love Thee was sung by Mrs. T. E. McCollum. The bride's mother received in a moss green and white shadow print crepe with a corsage bouquet of violet sweet peas, assisted by the groom's mother in navy blue and white printed crepe, with a corsage bouquet of pink rosebuds and sweet peas. After the wedding breakfast, the bride and groom left for a motor trip through Northern Ontario.

Farmerettes

(by Dorothy Snider)

Wednesday, August 2

The Annual Growers' Night was held in Grimsby Camp Auditorium. A skit opened the programme, humorously depicting American etiquette. Jean Rushton rendered a Chopin waltz on the piano. Square dancers were formed after a demonstration by the girls. Everyone, young and old, participated with much hilarity. Refreshments wound up a very enjoyable evening after a sing-song.

Sunday, August 6

Mr. Malcolm Smith, very kindly provided transportation for a sight-seeing tour for the farmerettes. The tour included a visit to Niagara Falls, which many of the girls were seeing for the first time. They were thrilled by Brock's Monument and Queenston Park. The climb to the top of the monument gave them a good appetite for the hearty picnic lunch. They returned to camp by Niagara-on-the-Lake, after a very pleasant day.

OBITUARIES**LESLIE E. MONK**

Office manager of Crows, Ltd., St. Catharines, for 20 years, Leslie E. Monk passed away Monday in his 48th year at his home in Grimsby Beach. He had been ill for the last year.

Born in England, he had come to Canada 14 years ago, and had resided in St. Catharines until about a year ago, when he went to live at Grimsby Beach.

Surviving are his wife, four sisters and a brother in England, and a brother, C. Frank Monk, of St. Catharines. Services will be held Thursday afternoon with interment in Victoria Lawn Cemetery, St. Catharines.

ENOS JOHN FISHER

The many friends and relatives of Enos John Fisher will hear with deep regret of his passing, early Saturday morning, at his home in Vineland Station, after a lingering illness.

In his 82nd year, Mr. Fisher was born in Grimsby, Ont., and moved to Vineland Station 30 years ago, where he has since been a most successful fruit farmer, and well-known throughout the district. In his early days he was a well-known baseball player and athlete.

His wife, formerly Almada Dean, pre-deceased him 11 years ago. He leaves to mourn one son, Orland Fisher and one brother, David, of Grimsby, one grandson, and two great grandchildren.

JAMES F. RICHARDSON

One of the older and well known residents of Jordan passed away Thursday morning in the person of James Frederick Richardson, after an illness of several months.

The late Mr. Richardson was born at West Garafraxa, Ontario, 87 years ago. Deceased was a well known retail grocer, having conducted a business at Elora for 20 years.

In 1921 he had a hardware store in Grimsby, (the Johnson hardware) and four years later moved to Jordan.

He was a member of the United Church and of the Canadian Order of Foresters.

His wife, Mary Richardson, pre-deceased him in 1932. He leaves to mourn his passing, one son, Wilfred Richardson, of Jordan; also five brothers and two sisters, Walter of Pomeroy, Wash.; David of Boise, Idaho; Elliot of Lewiston, Idaho; Harvey of Roseville, Cal.; Thomas of New Westminster, B.C.; Mrs. James Milne of Elora; and Mrs. Fred Mutrie of Leamington.

Interment took place on Sunday afternoon in Belside Cemetery, Fergus.

M. ROY LABA

The funeral of Michael Roy Laba, 15 Oak street, discharged veteran of the present war, who died in Hamilton General Hospital on Saturday afternoon, a few hours after collapsing in his office in the Lister building, was held from the Stonehouse funeral home Monday afternoon. Interment was made in the veterans' plot at Queen's Lawn Cemetery with Rev. A. F. Brooks of St. Andrew's Anglican Church conducting the services.

Casket bearers were four brothers: Metro Laba, Peter Laba, William Laba and Nicholas Laba, nephew, John Laba, and a brother-in-law, Tony Yakubchuk.

Seriously injured when buried in the wreckage of a bombed building on the outskirts of London during the blitz of 1940, Mr. Laba, then a gunner in the Royal Canadian Artillery, was in hospital for some time. He was returned to Canada in 1942 and subsequently discharged.

In his 29th year, he was born in Alberta on March 16, 1916. He lived in the United States for a time, being employed by Warner

Brothers at Hollywood. Later, he conducted a talent search across Canada for Warner Brothers.

Returning to Canada on the outbreak of war, he enlisted in the Royal Canadian Artillery at Edmonton and went overseas with the 1st Canadian Division in 1939.

In London, in August, 1940, he married Patricia Stephens, of Dunedin, New Zealand, who later came to Canada and is residing at Grimsby.

At the time of his death he was manager of the War Workers of Hamilton talent concert being staged by the Hamilton Labour Council (C.C. of L.). Earlier this year he managed a War Worker's concert in St. Catharines. Since returning to Canada he had been active in increasing the flow of cigarettes and comforts to the soldiers overseas.

Surviving, besides his wife, are three young children, Michael, Elizabeth and Richard; his parents, Mr. and Mrs. John Laba, Grimsby; six brothers, Flight-Sgt. Matthew Laba, R.C.A.F., in India; Pte. Walter Laba, in Canada; Metro, Peter, William and Nicholas Laba, all of Grimsby; and three sisters, Mrs. Mary Yakubchuk and Misses Jennie and Tillie Laba, Grimsby.

Superfluous

A story that many servicemen have been chuckling over concerns a certain general who had some teeth extracted. Next day he learned that the lost molars were being sold as souvenirs.

Determined to stop this, he sent out his aides with instructions to buy all these very personal mementoes they found and so keep them from the public.

By evening they had all returned with their purchases. Total tag—175 teeth!

Keep the Apples on the Trees till harvest time

with **PARMONE** CONCENTRATE HORMONE SPRAY

● Parmone prevents pre-harvest drop—keeps the fruit on the trees—allows it to develop, ripen, colour. It lengthens the picking season—important in these days of labour shortage. One 4 oz. bottle of PARMONE Concentrate makes 100 gallons of spray. The effect is noticeable within a day or two of application. One application is usually sufficient. Order PARMONE from your local C-I-L Dealer. Spray on first signs of pre-harvest dropping.

TOWN COUNCIL

The roots. Any person knowing of a patch of this poison will be rewarded that has not been attended to will confer a favor by notifying the municipal office.

The Fire Marshall's Department submitted a voluminous set of regulations covering halls and other places of public assembly. A by-law for passing by the council was also submitted. Mayor Johnson stated that extra copies of the regulations had been requested and as soon as they arrive will be issued to the councillors so that they can study them thoroughly before taking up the bylaw, which will be brought in for passing at the September meeting. It is understood that the new regulations are very strict and that the Mayor, Police Chief and Fire Chief have almost unlimited powers in the carrying of them out.

Mayor Johnson commented that to date Chief Turner had collected \$288.50 in dog taxes for 1944, as against \$241.50 at the same date in 1943, an increase of \$47, which was an improvement but believed that there were still many dogs upon which taxes had not been paid.

John Ambrose has resigned as school traffic officer. The appointment of a successor will be left in the hands of Councillor Phelps.

Police Chief Turner reported that in the month of July he investigated 23 complaints; no court cases; one stolen bicycle recovered; one place searched for liquor; one break-in, nothing stolen; for Humane Officer—four dogs, seven cats; dog tax collected \$17.50.

Tax Collector Armand Hummel reported that July collections, current and arrears amounted to \$2,185.49. Total taxes collected since January first amount to \$44,409.44. For the seven months of this year, \$37,065.42 of current taxes have been paid.

Mayor Johnson presented the waterworks report for July, showing that 13,303,000 gallons of water were pumped. Average per day being 429,129 gals; highest day's pumping, July 19th, 545,000; smallest day, July 13th and 30th, 279,000; increase for month over July 1943, 123,000; increase in average per day over July 1943, 68,807. The emergency gasoline engine was used eight and one-half hours. Township of North Grimsby used 3,912,000, an increase of 2,206,000 over July 1943. Power bills were July 1944, \$191.82; June 1944, \$136.72; July 1943, \$174.90.

Town workmen Wilkins, Smith and Mitchell were granted a week's holidays with pay.

Mary Simba was granted a license to operate a lunch room in conjunction with her grocery store at the C.N.R. station, she having secured a permit from the W.P.T.B.

Relief accounts for July amounted to \$71.33.

Joint Fire Committee accounts for \$53.57 were ordered paid.

General accounts for \$464.51 were passed.

Watch Your Step

It wouldn't have been an accident if it couldn't have been prevented, would it? So:

Don't try acrobatics in the bath tub.

Tack stair rugs down tight and make sure that railings are solid.

Rusty nails often mean lockjaw—make certain there aren't any in your house.

Be sure that the rungs on your ladder are sound and let some one hold the bottom when you begin to climb.

Don't smoke in bed, the mattress burns quickly, and anyway you'll be asleep before you know it.

Train children to put away their toys, just as much for your sake as theirs.

Never let children near stoves and keep hot liquids in pans safely out of reach.

In a small kitchen, for your own sake too, turn the handles of pots on the stove in towards the stove, not out towards you.

Keep all poison bottles carefully labelled and out of the children's reach. (Are you sure that you know what their reach is?)

The thermal belt of Polk County, N.C., is so acutely located that grapes on one farm will prosper, on the next a few hundred yards away, will fail.

WOUNDED

Pte. Robert Charles Mason, son of Charles and Mrs. Mason, Elizabeth street, has been severely wounded in action in Normandy, according to an official telegram received by his parents on Tuesday. "Bubs" enlisted in the Lincoln and Welland Regiment in 1940 and served on the west and east coasts and in Newfoundland with the unit and proceeded overseas a year ago. The regiment landed in Normandy on July 20th. He is 23 years old and a grandson of Robert and Mrs. Robertson, Clarke street and Charles and Mrs. Mason, Main street. His father is a veteran of the last war going overseas with the 88th and serving in France with the 58th.

New Alarm System In County Home

Work Started On Installation Of 200 Units For Fire Call Purposes — Costing \$1,600.

A new fire alarm system is being installed in the Lincoln County Home. Work was started on the installation last week by the Dominion Burglar and Fire Alarm System of Toronto and is expected to take about a month to complete.

Purchase of the system was approved by the Lincoln County Council several months ago, at a cost of over \$1,600.

The equipment is being installed in the residence of the home only, and consists of about 200 units placed in every room in the building.

ing. They are set to go off at certain temperatures, and will sound an alarm direct in the central fire hall at St. Catharines.

A control board at the home will indicate from which unit the alarm was sent in.

Peach Kings In The Play Downs

Cornelius MacGillcuddy Rush-ton is on the softball team again. How long he stays on depends upon what happens to his ancient Peach Kings on Tuesday and Thursday nights of next week.

Rush, whose pep talks are the same to decrepit ball players as The Fountain of Youth was to Ponce DeLeon, is proclaiming to all and sundry that the Peach Kings will again win the Class C division of the Ontario Softball Association.

Having drawn a bye in the league schedules the team is now called for play in the first round. On Tuesday night of next week they meet a team from Nelson township, which is in the neighbourhood of Burlington. They play the return game in Nelson on Thursday night. If they survive this round they then meet the winner of the Hespler-Milton playoff on August 21st in Grimsby and the return game on August 23rd. Provision is also made in the draft for a third game if necessary.

If Peach Kings win from Nelson and then are lucky enough to take the play-down from either Hespler or Milton they will again be Intermediate C champions, as there are only the three teams in the play-offs. It is up to you to help the Kings grab the goalpost for the second consecutive time.
